SURVIVING IN BULGARIAN

**SURVIVAL-LEVEL
WORDS & PHRASES
IN BULGARIAN**

**DEFENSE LANGUAGE INSTITUTE
FOREIGN LANGUAGE CENTER,
PRESIDIO OF MONTEREY, CA**

NOVEMBER 1996

This publication is to be used primarily in support of instructing military personnel as part of the Defense Language Program (resident and nonresident). Inquiries concerning the use of materials, including requests for copies, should be addressed to:

Defense Language Institute
Foreign Language Center
Distance Education Division
Presidio of Monterey, CA 93944-5006

Military personnel may find themselves in positions where clear understanding of conversations or written material of a controversial nature will be essential to their mission. As a result, topics in the areas of politics, international relations, mores, etc., (which may be considered as controversial from some points of view) are sometimes included in language training for DLIFLC students. The presence of controversial statements - whether real or apparent - should not be construed as representing the opinions of the writers, the Defense Language Institute, Foreign Language Center, or the Department of Defense.

Actual brand names and businesses are sometimes cited in DLIFLC instructional materials to provide instruction in pronunciations and meanings. The selection of such proprietary terms and names is based solely on their value for instruction in the language. It does not constitute endorsement of any product or commercial enterprise, nor is it intended to invite a comparison with other brand names and businesses not mentioned.

In DLIFLC publications, the words, **he**, **him** and/or **his** denote both masculine and feminine genders. This statement does not apply to translations of foreign language texts.

The DLIFLC may not have full rights to the materials it produces. Purchase by the customer does not constitute authorization for the reproduction, resale, or showing for profit. Generally, products distributed by the DLIFLC may be used in any not-for-profit setting without prior approval from the DLIFLC.

SURVIVAL-LEVEL BULGARIAN

The Defense Language Institute Foreign Language Center (DLIFLC) developed this phrase book to provide survival-level language skills to personnel deployed to an area where Bulgarian is spoken. It contains words and phrases which should be useful during contingency operations. DLIFLC has also produced an audio cassette tape of the book's contents which will assist users with pronunciation of the target language. It should be bundled with this phrase book.

Additionally, DLIFLC packages this book with a quick-reference, two-sided, laminated command and control (C2) card that contains critical words and phrases for contingency operations. It should prove useful in tactical situations where there is not sufficient time to thumb through even a short phrase book.

The Defense Language Institute is committed to providing effective language materials for personnel in need of basic foreign language skills. Please tell us what you think of these language survival materials. Contact the Plans and Operations Division at DLIFLC, ATFL-OPP-PO, Presidio of Monterey, CA, 93944-5006, DSN 878-7472, Comm (408) 242-7472. E-mail address: scaliam@pom-emhl.army.mil

If your organization's language requirements exceed the content of this publication, contact DLIFLC at DSN 878-5048, Commercial (408) 242-5048.
